Pete Wilson  
Governor

Peter M. Rooney  
Secretary for  
Environmental  
Protection

Dear Sir or Madam:

Enclosed is a summary of the consumer products meetings and workshop held on November 18 and 19, 1997, in Sacramento, California. Also enclosed are copies of the attendance lists for the two-day event.

On November 18, the sixth semi-annual meeting of the Consumer Products Working Group (CPWG) was held. Staff from the Air Resources Board (ARB) and the Department of Pesticide Regulation (DPR) provided updates on the consumer products related activities. Following the CPWG meeting, ARB staff discussed the assessment of additional consumer products categories, and provided a status report on the aerosol coatings activities. On November 19, ARB staff held a public workshop to discuss alternative compliance options for antiperspirant and deodorant manufacturers. The workshop was followed by a low vapor pressure volatile organic compound activities presentation, and an auto wax and polish working group meeting. The meetings were well attended with over 100 participants from industry, trade associations, environmental groups, DPR and the ARB.

If you have any questions or would like copies of the handouts from the meetings, please call Ms. Doris Rausch, Implementation Section, at (916) 327-1529.

Sincerely,

Genevieve A. Shiroma, Chief  
Air Quality Measures Branch
